

Kumararani Meena Muthiah College of Arts & Science

Internal Quality Assurance Cell

Report on Institutional Distinctiveness 2021-2022

The institution aims at the holistic development of the students by nurturing them as techno-savvy, self-reliant individuals. In order to strengthen the existing distinctiveness, this year, the Internal Quality Assurance cell has introduced a three day Capability Enhancement Programme for the first and second year students who returned to regular direct classes in 2021-2022, after taking pandemic online sessions.

They have developed anxiety and reluctance as a result of the pandemic. They found it challenging to adjust to the physical classes and examinations. Due to the pandemic, they were also emotionally weakened. For the second years who were admitted to first year during the height of the pandemic and finished three semesters online before returning to campus in the fourth semester, IQAC has launched a capability enhancement programme in order to help them adjust to normalcy with high enthusiasm. The three-day workshop included exercises in goal-setting, creativity, making reels, critical thinking, and teamwork. The students thoroughly enjoyed the programme, which provided them a sense of assurance, delight, and enthusiasm for returning to college for regular classes. A five day workshop was conducted for the first year with the same objective and components.
